I forgot this song is like, death metal, while the earlier ones were middle eastern sounding. Then later you get some surf rock.

Secret Chiefs 3 meant like a 3-person band, but now they have over 10 members who switch back and forth depending what they are doing. They have about 7 sub bands to Secret Chiefs 3 now, but in general, it is still Secret Chiefs 3 and all masterminded by Trey Spruance.

[Secret Chiefs 3-The Exile](#)

Then you got one's like this that sounds like something you'd hear in a western movie soundtrack.

This one has some electronics in it. They actually have an album that is fairly electronic.

Some soundtrack-sounding music that also feels like surf rock or something. The fact the video appears to be vaguely about surfing helps that feeling.

Posting this one because of the name, because it is rather short and not that worth posting a 40 second song
