Unpopularer Opinion: Kannadrickium did nothing wrong. They were simply doing the most efficient form of posting on F7 (not writing at all and replying with images instead).

The web crawler we need. 😊

Although, I've seen at times some F7 threads getting archived (like the flag bracket contest last year).

I've done this with my older puppets. Pretty much founding them, not doing anything with them, and letting them die. To be fair, at the time I had no idea as to how to make content for them, and I lacked the drive to do so. It was also due to the fact that I had no sense of direction of what to do for my nations, lore wise.

I suppose that's happened to all of us at some point, if we want to admit or not.

Drop me those Word documents, crap or not. I'm inclined to see them, you made me interested.

Likewise, my puppet activity has boiled down to this:

BRM- Somehow still active, plan on making new stuff soon.

National Minarchist Federation- Relatively dead, but have some plans for the moment.

Banat- Semi-dead, pretty lethargic on what to do for it, might make something but I'm still not sure.

Nordic Heathens Revolt- Haven't even made the nation, and yet I have more plans for it than BRM. Why? Because fuck it, that's why.

I'm currently at the same point, in the sense that I have an idea for what the nation should be like, but have no clue whatsoever as to how to carry that vision out; it also helps that I cannot help but cringe at anything I've done within the past hour.

As it is, here's my puppet history:

- Main nation: development has taken a backseat to OOC issues, and cannot be bothered to read whatever crap 2019 me spewed out; only active for the embassy thread, which has also become dormant
- This nation: language construction purposes, but have lost the motivation; now only for the forums.
- Puppets #1, #2 & #3: see above; since dead except #3.
- Puppets #4 & #5: dead; for roleplays that went nowhere.
- Puppet #6: currently dormant, but I have plans for it.

Very unpopular opinion:

NS sports are overrated, given most of them are either based on football (aka soccer), tennis, rugby, or cricket... Or baseball.

I mean, there's that one Quiddich thing that pops up every once in a while, but it just seems awfully boring when I can get the same action by checking into ESPN or any other channel (mostly) dedicated to sports IRL and not have to read through a brick of text describing how Johnny McJohnny managed to carry his team through the first quarter only to get curb stomped just before the start of the second quarter, then get sidelined until after half-time.

Alas, at least there's a tank triathlon that's picking up a little steam to try to change things... A nice deviation from "MUHHH UNIFORM'S BETTER THAN URS!" and mild circle-jerking that tends to occur within these weird "clubs" off-site.

Mod note: Yes that last bit is (mild) satire, not intended bait... Being pointed at presumable off-site activity or activity from within telegrams.

See my puppet situation isn't due to lack of interest or having no idea what to do with them, I just don't have the goddamn *time* to actively use all of them. I know I've mentioned before how I have 25 total accounts (including this one) but that's obviously including the accounts I have just for fun and shit. Just talking about my accounts that actually have *some* development in their canons or whatever, that'd be 8 accounts (again, including this one).

And as I just said, I do not have the time to regularly use and write about all

eight of those nations. It's why I mostly just use this nation and Aikoland because they have the most developed lores out of all of my accounts.

Bro I hate that so much... Like, why and how does it even happen?

Sometimes I wish we could auto-update threads like on 4chan (the thread itself is reloaded via some script hackery without actually refreshing the page itself...)

It's literally only because the notice you get if someone has replied while you were typing your reply is disabled on F7 for some godforsaken reason.

This is why I sometimes make a post with a notice that I would quickly edit it just so that I don't get ninja'd in the process.

Mind you, the "Preview" button isn't that much good either...
