[Devin Townsend Project-Sumeria](#)

So I saw that the next Devin Townsend Project album to come out soon (This year maybe?) is the last in the Devin Townsend Project series. I wonder where he'll go next.

This year, or next year, for the last DTP album. It's to be called *Casualties of Cool*.

Devin already has some [awesome](#) ideas for it.

And after CoC is released, he's going to be working on the second Ziltoid album.

I know ALL. Fear me!

Dude the bluegrass/country was an interesting surprise.

And lolz at the dance music "We like to party" one.

[The Devin Townsend Project-Fly](#)

This dude can pull off freaking heavy metal screaming vocals, strange comedy vocals, strange vocals in general, and freaking mellow, sleepy, relaxing, peaceful vocals. Great vocalist.

Cradle Of Filth - *The Black Goddess Rises*

CVT Temp wrote:
I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Coldplay - [In My Place](#)

I have somehow gotten myself addicted to the instrumental, despite them sounding 'generic' to my untrained ears. It just sounds really nice...
