"Still Counting" - Volbeat

"Counting all the assholes in the room, I'm definitely not alone, I'm not alooooo-ooone"

Are these "human rights" in the room with us right now?

MC Eiht — Welcome to Los Santos (feat. Kokane & Freddie Gibbs)

I'm glad they did a remake of GTA 5's intro with some good rappers.
The beat is too dope to not have someone on it. ☐

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
