One of the best 1980s U2 songs.

U2 - The Fly

From *Achtung Baby* (1991)

*It's no secret that the stars are falling from the sky
It's no secret that our world is in darkness tonight
They say the sun is sometimes eclipsed by a moon
You know I don't see you when she walks in the room*

*It's no secret that a friend is someone who lets you help
It's no secret that a liar won't believe anyone else
They say a secret is something you tell one other person
So I'm telling you... child*

Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.

The Edge - Love Is Blindness

[Performance taken from the documentary *From the Sky Down*](#)

*Love is clockworks
And cold steel
Fingers too numb to feel
Squeeze the handle
Blow out the candle
Love is blindness*

*Love is blindness
I don't want to see
Won't you wrap the night
Around me
Oh my love
Blindness*

Johnny Cash - God's Gonna Cut You Down

From *American V: A Hundred Highways* (2006)

*Well my goodness gracious let me tell you the news
My head's been wet with the midnight dew
I've been down on bended knee talkin' to the man from Galilee
He spoke to me in the voice so sweet
I thought I heard the shuffle of the angel's feet
He called my name and my heart stood still
When he said, "John go do My will!"*

Johnny Cash - Hurt

From *American IV: The Man Comes Around* (2002)

*What have I become
My sweetest friend
Everyone I know goes away
In the end
And you could have it all
My empire of dirt*

*I will let you down
I will make you hurt*

*If I could start again
A million miles away
I would keep myself
I would find a way*

All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
