The Imperialistic vibes I'm getting from the flag with the black bird in the middle.

Vanq commands a quiet respect that carries its own authority. He is the Hitler of NS.

Not evil at all

Musktown is an early wild west town in the Northern part of California territory that's so far from civilization that it might as well be independent.

Current year:1852(Non cliché wild west setting)

The Republic of Ourisio: A semi-isolationist democratic socialist, "muscular" parliamentary republic with hispanophone minorities, conscription and a world-class aerospace and tech industry in the far north. Famous for pioneering powered flight and bad food. Think "Norwayifornia" but more fighter jets and robotic arms.

2/10, doesn't scream evil to me, but I wouldn't be surprised if some ahole with a bigger military wouldn't go off and call them evil.

My flags file is too big so it can't animate so here's it animating
