The **Free Port of Cristina** is a sovereign city-state, country and a microstate. The country is a free economic zone where companies are taxed very lightly to encourage economic activity.

I'll do Cristina as well since the nation was skipped.

Free Port of Cristina: Either Unione per Cristina or Visione Libertaria.

Syndic Australia: Liberal Commonwealth Party. Including minor parties
Globalist Party of Australia and the Federation Party of Australia seem good too.

BN: If you choose a party with factions (i.e. Liberal, SDP, or National), perhaps also say what faction you would most align with/vote for.

“

If men were angels, no government would be necessary. If angels were to govern men, neither external nor internal controls on government would be necessary. In framing a government which is to be administered by men over men, the great difficulty lies in this: you must first enable the government to control the governed; and the next place, oblige it to control itself.
