There isn't much information about the pre-Islamic Elamite religion, but it is known that it was probably matriarchal, just like the culture it belonged to.

Either their currency is very weak, or their propaganda is very pervasive. It seems unlikely that at a nation of 12 million would achieve a GDP of \$4 trillion NDS.

Osterfjorden society is egalitarian and modern. Osterfjordenians have an aversion to the non-essential. Ostentatious behaviour is to be avoided. Osterfjordenians are proud of their cultural heritage, rich history in art and involvement in international affairs.

Wonderful! Though what exactly is it meant by "Ostentatious behaviour is to be avoided"? Do they prefer isolation over big crowds or are they just mentally insane?

Basically, this is the Wawakanese justification and way of implementing anime into its visuals. Even though anime is counter-revolutionary and bourgeois fine art.

Space Xenoids, a species of interstellar travelers, make a population of roughly 800,000 refugees composed of oppressed ethnic minorities, persecuted intellectuals, marginalized religious groups, and military personnel, escaped a catadysmic collision of the Planet Ba'dan and other planets in the Solarian Galactic Confederation and came to the Milky Way Galaxy in search of a promised homeland.

The members of the Royal Court must fancy themselves in the way of birds according to the picture presented.

Also, their national anthem is as follows:

*Beloved Land of our Ancestors:*

*Oh, beloved land of our ancestors!*

*Oh, beautiful Osterfjorden!*

*Our love for you will never end,*

*And will remain forever loyal to you.*

*Hard times we have coped with,*

*This country Harald united*

*Our old Osterfjorden shall endure,*

*Here fought our fathers, without fear,*

*Long live Osterfjorden,*

*Blossoming on the Atlantic Ocean,*

*Fortunate and faithful!*

*Long live the King of the Land,*

*Long live our fatherland,*

*Through bonds of brotherly love*

*United and free!*

Their nation is essentially what'd happen if Saudi Arabia became a massive problem-child for the USA and the European Union, particularly in embracing a form of religious socialism and even going out of their way to challenge Western-backed despots.
