I don't know what kind of hip hop you're into, but I think you'll like them. Never listened to them before today, but their first album is excellent so far.

I've liked Ms. Jackson and Roses since forever. Ms. Jackson mostly because the music video appeals to a 10-year old quite a bit. This is the kind of hip-hop I've always liked, and that's saying something since my general opinion on the genre

Same with Gorillaz. Liked them since forever.
