Did Sharifistan get DOS tho? I know his DEAT came with a one-month ban, but there have been instances where the mod's go 'Actually, you know what, we've discussed this amongst ourselves and we've decided to up this to a DOS.'

good, but she still needs a factbook. you're a good character writer, my man, just don't let that all go to waste on one guy. hell, writing the Halloween coda would be a good start.

A big problem I am starting to have in F7 is the fact my factbooks are basically understandable only to myself and my (only) wordbook is like, 2 months out of date, hence 90% of all reaction posts (character, factbook, etc.) I get are "wtf is this funny English". I realise I only have myself to blame for this though so uh. Not really a cliché I guess.

I personally only did that once in my IC responses for you; I can read the English just fine, I just know some of my characters would definitely throw a bitch fit over it. I would suggest lightening up on it, though, since F7 is notorious for fixating on shallow stuff like that.

In my defense, my latest Alastair dispatch actually advanced the plot.

Your post wasn't what prompted my comment here. My last few responses in both the Factbook Information thread and the Factbook Line Thread have basically been along those lines (though maybe I'd get more posts of that like in the Leader threads too if I posted there more often 😊)
