Pretty much. She appears to like symphonic metal and gothic metal a lot. Her favorite band (Kamelot) is symphonic metal mainly.

I think...

Most of the stuff I hear of the metal she listens to I'm kinda eh on, but I'd say Kamelot is probably my favorite of the stuff I've heard of hers but that just might be because I've heard it so much I'm used to it now.

Right now she is listening to this Russian pop band we used to listen to more. Me hearing it now I don't care for it as much anymore.

She likes a lot of what I like, too, but she likes a lot of things I don't care for as well. We all are rather open to various types of music and tend to not like what is played on the radio.

Kamelot is symphonic power metal.

I avoid listening to the radio for that reason.

Show her this song. ☐

I thought of the idea of posting a bunch tonight instead of sleeping but all the gaming made me tired.

I'd probably be tired anyway.

Tiredness is why I'm listening to relaxing music such as Behemoth. I find it soothing.
