everyone knows that quote, "I know not what weapons World War Three will be fought, but World War Four will be fought with sticks and stones," but in a way it's optimistic and inspiring because it suggests that even after destroying civilization and returning to the stone age we'll still be sufficiently globalized and bellicose to have another world war right then and there

Республіка Рурідова - Королівство Вілкія

"For I was hungry and you gave me something to eat; I was thirsty and you gave me something to drink; I was a stranger and you invited me in; I needed clothes and you clothed me; I was sick and you looked after me; I was in prison and you came to visit me... Truly, whatever you did for one of the least of my brothers and sisters, you did for me."
