I'm listening to my comprehensive playlist on Windows Media Player.
Why Don't You Get A Job? by *The Offspring* is playing right now.

You'd better believe I'm a bitter [Bernie Sanders](#) supporter. The Dems fucked up and fucked up hard. Hopefully they'll learn that neoliberalism and maintaining the status quo isn't the way to win this election or any other one. I doubt they will, though.

"What's the number one method of achieving civil rights in America? Don't scare the white folks." ~ Eol Sha

Agathocles - *Hand In Hand*

CVT Temp wrote:

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
