If no actual damage is done to the animal, no punishment. If the animal is injured, or takes ill a while after this, removal of the animal from your possession, a small fine, and a requirement for background checks to buy another.

Assuming carjacking is the only charge the criminal is getting, maximum 10 years in prison.

Blocking traffic during a mass protest.

Nation's views are **NOT** representative of my political views IRL, although some views may or may not match. Will **NOT** disclose which views specifically.

NS stats (civil rights/economy/political freedoms) mostly NOT canon. There are some civil rights and liberties and political freedoms in Vertillia but the government is mostly authoritarian, especially when it comes to immigration, climate change, crime, and punishment.

Private Business: Private businesses are illegal and if you are found running one, your profits can be "repossessed" by the government, and you will be fined for violating said law. fines range from \$500-

\$100,000 depending on the size of the business.
