Kaiserholt fashions itself a democratic republic in the Greco-Roman tradition. However, not all is well; it looks like one representative has been shunned by the rest of the assembly, his advocacy of the people's interests squashed under the elitism of the general senate.

- Snowland / the Snowish Republic -

Snowland, officially the Snowish Republic, is a country located in Northern Europe. Snowland runs on ~~democratic socialism~~ potentially the DOTP, unsure if that terminology is right. I'm not sure what I'll do with the Snowish Republic yet. Snowland is one of the nations of the world where there are both humans and anthropomorphic animals, and the nation is considered to be the best in the world when it comes to treatment of anthropomorphic animals.

A very modern and futuristic society. Not really dystopian like Cyberpunk, but not a utopia either.

I don't know how to write interesting characters, and my storytelling is lousy. Beware!
