2/10, evil for American stars and non-evil for the rainbow being a certain symbol for something. I don't wanna know the reactions if gave it any higher of an evil rating.

9/10 The regime has approved text-books. Banners hang from every roof with ANs leader's face. There is a constant need for workers in the wilderness of the AN that never seems to change and always needs dissidents, thinkers and/or out of favor political figures.

My travels take me many places, from the scorching sands to the cold, dark vacuum of space. But I always return to my friends and family at The Pub.

It's the eternal sigil of the Empire of Man. Need I say more? /10  
Although Vance (Motherfucking) Stubbs seems to be in charge, so perhaps it's on the nicer side of 10/10 rather than completely grimdark.
