Rule#2: Although Marcianus is a Monarchy, the leadership is not passed down by dynasty. The people have the right to vote.

Do the people vote based on the former monarch's children after they die?

According to their listed statistics, they count Catholics separately from other Christians.

Kroraine's original indigenous people were Caucasoid, and also Kroraine was part of China for a few centuries.

The United Kingdom of Catrela is a constitutional monarchy located on a large island to the southeast of the southern cone of South America.

Current monarch: Queen Sofia II (DOB: 11 December 1985, reigned 1 March 2014-)

Current prime minister: Costanzo Diodato Jiménez (DOB: 11 August 1961, served 8 January 2014-)

Due to government reform, we are currently electing a new prime minister, please review our candidates and vote:

They have a significantly lower population of Indians and mestizos compared to other former Spanish colonies in the area.

I know what it says, that's not what my question was asking. I was more or less asking how the election process necessarily worked (granted I probably should have said that instead, but that was a few hours ago anyways). Mostly because I don't know exactly how "elective monarchies" work, as, to my knowledge, there is no real life example.
