9.5/10, military dictatorship led by corrupt noblemen vibes.

Ah, the corporation! Lovely ain't it! A inherently autocratic organization blindly worshipped by nimwits worldwide as a force of freedom. Somehow not understanding it merely heralds the return of statist control under a different name. Ejya might not have much loyalty to it, but an opportunity to get on top is always welcome and to do it under the 'guise' of upholding liberty makes it all the more sweeter.

Red Lake does not necessarily represent my personal views. I promise I'll make a tech factbook eventually. NS stats didn't respect the wildlife and got mauled. Language is Gothic.

I'd say 2/10 OOC, 4/10 IC because your country was a powerhouse and seems to still have a powerful navy and military. Your flag doesn't seem to be menacing but it seem still quite capable. I doubt that if required to, they'd surrender without a fight.
