Uh, no. Humans are still around, it's even in my factbooks and you would've known if you actually read them.

The Scorpio Spikal capital is located in a planet called "Any". Contrary to popular belief, Scorpio Spikal is a space-faring nation, being one of the main powers of the Mellow Galaxy.

Stalin is what I call, the God of Hunger. He seeks to eliminate food stocks from the world. Ascended Stalin is so powerful that he decimated the food reserves of Ukraine without even lifting a finger. Truly the God that Humanity must bow down to.

That they managed to take a tried and true concept of a country (Roman Empire during its hayday) and give it the Mars blessing to make it truly unique and versatile. Kinda surprising for a new nation.

What happens when you cross anime powers and overpowered leaders with furies, all written by a bored Homestuck fan with too much time? Well, you get Ignis. A multiethnic, FT republic with both might and magic that let it conquer the entire Orion Arm.

A 7.6 (this is probably outdated but I can't do the calculations rn) (Tier 9, Level 6, Type 9) according to [this index](#).

They have modified English so that it is phonetic. Moreover Fort Zapata sounds like an interesting place.

In a broken world after a disastrous WWII using nukes, AI and

ethnobioweapons in 2058 that wiped out all humans but blacks, a group of determined merchants and their allies decided to stop the collapse of civilization. They established the Enugu League and later the Onitsha Empire. Under the guidance of leaders such as Joseph Ijeawele, Jessica Udene and Victoria Machie they struggled very hard to resist decline at all costs..

This year was 2091. The disastrous Teen Rebellion caused by Jonah Nyagura and Juliet Udene's disastrous education policies entered its eighteenth year. Jessica Udene, now the queen, was desperately negotiating with rebels. A daughter of a prominent business owner, Victoria Machie, just became the new Minister of Defense, succeeding Nyagura ally Emmanuel Nduka...

The control much of europe outright or through client states. Their borders conform in the east to the Napoleonic French control of europe in the 1810s, in Britain to Roman control and the south east seems to match the Austrian Empire's borders with the Ottoman Empire.
