everyone knows that quote, "I know not what weapons World War Three will be fought, but World War Four will be fought with sticks and stones," but in a way it's optimistic and inspiring because it suggests that even after destroying civilization and returning to the stone age we'll still be sufficiently globalized and bellicose to have another world war right then and there

Yeah, it's probably not a good idea to bring that kind of thing into completely irrelevant topics to that issue.

Why are you listening to 6 hours of blandness? ☐

Kronos Quartet-Flugufrelsarinn (Sigur Ros Cover)

One of my favorite covers of a song by one of my favorite bands. Covering one of my favorite bands is kinda hitting "Shaky ground", so the fact it's not only covered, but covered really well and becomes one of my favorite covers, is impressive.

Marathon is marathon ☐

Though I'll split that 6 hours into few parts, I just can't go that all through in a row. After this album I'll delve into my backlog, which grew to 19 albums....
