monkey 5480 died of old age, alone in a hospital bed with no friends or family to miss them.

People tend to assume that Entrance of the Gladiators by Julius Fučík is what that ever so famous circus clown theme is. And in a way, it is. Nobody would ever argue with you on this fact.

However, if you want to be an unlikable, pedantic jerk, the song actually known to be circus music would be a version composed for American woodwind bands (and later transcribed for fairground organs) titled Thunder and Blazes, published by Louis-Philippe Laurendeau.

Of course, this information is of absolutely no consequence to anyone.

Monkey 5475 very vocally spoke out against the government for many years. Then, they suddenly just disappeared.

Monkey 5640 was killed because some idiot installed the accelerometers on his rocket backwards (Ahem...) , causing his rocket to end up upside down. Then the launch escape system fired, slamming him into the ground. Soon after, the rocket itself slammed into the ground, and the resulting explosion killed 5 bystanders. (5639, 5638, 5637, 5636, and 5635)
