9/10. That flag looks like a cooler, yet more evil EU.

This nation is what happens if I stretch my ideology, until I can't no longer agree with it. Including the Kaiser.

Traditionalist, Identitarian, CHAD, Ultra-Nationalist, Monarchist.

My political compass (I'm not a Nazi, I swear.)

3/10. Mostly harmless.

It matters little how many X are Y so long as special provisions for Y-ness among X exist.

6/10

It seems like an imperialist flag and that claw is pretty menacing.

Depends. If you were to interpret this as China and Russia as an alliance bad, than you'd probably say somewhere between 7/10. But, if you find China and Russias alliance/friendship to be a good thing, than you'd probably be like somewhere under 4/10.

As for me, well... that Panda and Russia do look friendly and cute. So I'm giving it a 3/10. Mostly because they look friendly and cute.

3/10. I don't really see anything evil about it. Theres lights and stars, but nothing that would indicate evilness.

I felt like going on a power trip, and thought to myself "Hey Ell, what nation/faction would be possibly the most overpowered one you could create?" And somewhere in my head the name "The Combine" screamed. So this is exactly wat I'm doing! Pray that the Union doesn't notice you, because it probably won't.

8/10. Looks like a flag an evilish empire would use.

9/10 due to the presence of the dragon (a typically menacing and dominating figure), but could also be seen as a 5/10 in the meaning that they are eating themselves, which doesn't sound to evil. Just weird.

3/10 Most of the flag seems non-threatening, with the exception of some apparently aggressive animals in the lower left corner.

8/10, mostly due to the color scheme

Partially inspired by the Third Odyssey mod for EU4, this nation is essentially a Byzantine successor state in South America that has fused together Ancient Greek Religion with Greek Orthodox Christianity. It mixes the aesthetic of Byzantium and Ancient Greece, with very open and liberal social values but with an Imperial Monarchy. NS stats are referenced but are not strictly followed to a T.
