#### Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

Well, AN's primary banners seem to suggest that they're technologically advanced, so probably also in space and I saw some images as if the city was underwater, so maybe they're like a nation on Jupiter's moon of Europa?

"Do or do not, there is no try."-Master Yoda

We are the New Galactic Republic. After the death of Emperor Palpatine and Darth Vader, the New Republic was formed to unite the galaxy under democratic rule and to also establish freedom and peace, the protectors of the New Republic are the Jedi Order, they are lead by Grand Master Luke Skywalker, the most powerful force user in the galaxy. **It should be known that we aren't based on the new Star Wars trilogy, we follow the Expanded Universe lore.**

We don't use NS-stats, it would be unusual considering the franchise we are based on.
