I feel like I've seen an account named "Arstotskiano" before, but I do not remember ever interacting with them, and I pretty much only remember them for their curious name. I'd say they are somewhat well known, but nothing too crazy.

A very well-known and well-reputed character around F7.

I never have seen them around, but judging by the amount of endorsements & the fact they're in a smaller region, I assume others do. I don't know if AN is active on NS forums however as their factbooks don't seem to be very engaged with.

**BN, I do not use NS stats.**

They've been around for a decent while, but I haven't seen them. With ~130 posts I'd say not very well known.

Even if we don't recognize the existence of this nation, we are pretty sure that this fictional conspiracy of a country is pretty known among the international community

I've been seeing them fairly regularly these last few weeks so I'd say relatively well known for a new nation.
