Not really much of one, just a lot of people using Bronymate.

One of the few nation's with a frightening economy, without a single car. One of the most developed nations, but our government is corrupt as fridge. Tourist hot-spot, but the ruler Vindalbal II refuses to even put basic footwear on. Environmentalist, Nationalist, Vincaracist, Gladesville. PewDiePie is also a nasty person.

They *did* just give away the answer, but the flag makes it fairly obvious anyway. To be a bit more specific, I get the impression of a constitutional monarchy with limited but still fairly significant power.

Absolute monarchy.

Non-secular, military strength is the basis of authority, the ruler's title is emperor.
