Yeah, once I listened to Megadeth's Rust in Peace 6 times in a row. In a way it didn't get boring but I really wanted to listen to something else ☐

I feel like if I listened to an album too many times that I enjoy in a short period of time, it would devalue it for me because I listened to it way too much in a short period of time. Maybe only temporarily, but still.

This is why with most of the albums I've listened to this year, and in general, I've only honestly listened to them a couple of times, if not only once. There's only maybe 2 albums of 2014 so far I've listened to more than once. So far, anyway.

The Last of Us - Gustavo Santaolalla

☐ One of my favorite soundtracks of all time, and my favorite soundtrack of 2013

Triptykon-A Thousand Lies

Yeah, it's a beautiful one.

A combination of a violin cover and a rock cover of the *Game of Thrones* theme.

Республіка Рюрідова - Королівство Вілкія

"For I was hungry and you gave me something to eat; I was thirsty and you gave me something to drink; I was a stranger and you invited me in; I needed clothes and you clothed me; I was sick and you looked after me; I was in prison and you came to visit me... Truly, whatever you did for one of the least of my brothers and sisters, you did for me."
