The General Panic Bingo when there is a DOS:

- Opening multiple threads on the same guy.
- Replying to the spammer and telling him to piss off.
- "AHHHH DO SOMETHING" on the report thread.
- Reporting on the DOS megathread, BUT also not looking ahead to see if others have posted the same user profile (essentially a duplicate report).

Panic sells, indeed.

As for aesthetics, I suppose I went with both. You can see that I at least tried my hand and best in making characters look unique (Valentijn, Anastasia, Clarissa, etc. being examples) but then I just cheese it out by either reusing characters / appearances from other games, or actors. And one or two bits of anime too, yes.

The next thing I need to deal with is to expand on the rest of the characters and perhaps adjust the appearances.

Let's get meta for this thread.

People bringing up the same clichés *over and over* in this thread.

At one point it's bound to run out, and we should probably just archive it.

Tbf this thread is basically a chat thread where we all take shots at what other people on the site are doing 🤔

OK, so I'll admit that this cliché isn't super common, but it's a thing I've seen happen several times (for some weird reason) but players suggesting a 'hall of infamy' where DEAT'd account names are available for viewing.

It always gets shot down by the mods because:

1. They don't want to immortalize rulebreaker accounts
2. For every 'infamous' user who ends up DEAT or DOS, there's probably 20 accounts that just get deleted because their usernames are variations of shit like 'SUCK MY COCK MODS' 'NS FUCK FAGGOT N-WORD CUCKS' and various other joyful swears and slurs.

Certain DOS people are already rather infamous and notorious, you probably know which ones I'm referring to

Often times, for the lack of a better word, I do miss the adspam. Sure they are annoying as hell, but at the very least, they are just selling their "Totally legit easy way to get into the top universities 100% money-back guaranteed" and not breaking the site for the most parts. They just hit and run.

Or love guru. Smh, I am the resident love guru.

I mean... eh? Fundamentally this is more of an OOC chat thread than a mere clichés thread; a function I think that it serves rather well.

THE PEOPLE * ETERNAL

" We will not bow to your dictation. We are free. We bled to be free.
Who are you to tell us what we may and may not do? **We stopped being your slaves an era ago.** "

South Reinkalistan is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move. As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.

Because we're slowly running out of clichés to mention. We need to create new clichés to complain about here.

It's a better chat thread than the Ram's Head Saloon tbh.

Amenria **wrote:**

I mean why wouldn't you want to be FanT? Anime aesthetics still suck tho. Also yes, realism is extremely boring and there's too much of it on NS, especially in military.

There's a lot of reasons not to want to be FanT. I personally think magic is goofy in MT settings because my opinion is it eliminates the need to develop a lot of modern technologies unless magic users are super rare to the point where most of society thinks they don't even exist.

As for realism being boring, people on NS are just bad at writing it, especially in regards to the military. People think realism means you have to list exact numbers and statistics, or they're trying to have a gotcha moment in an RP because someone didn't know the range of their radar or something silly. These people need to go read Tom Clancy to learn how to write realistic military action in a more compelling way. Not that Tom Clancy is some pinnacle of writing, but his books are good to read if you're also someone who wants to write realistic military fiction whether that's in an RP on NS or you want to write a book of your own so you can learn how to do it without descending into stat blocks.

A secular, Tajik dominated state in Central Asia which has experienced 40 years of democratic backsliding. NS stats are NOT used.

Counterpoint: if you want realism, just go the fuck outside lmao.

And I say this as someone with a MT nation with no fantastic elements about it.

Fair but going outside doesn't allow us to act out our fantasies which is why most of us are here.
