The Soft Rendition - We Lived Like Cigarettes

intended replacement nation for United State of America
(original the character donut steel)

Who is in control of those in control?

Why does Ben Lee (who I assume is the linoleum faced 'wipe-clean-look' profile in the bottom right-hand corner) look like Rene Auberjonois? Why would Odo be hanging around a rubbish looking holo-world full of quidditch goals that vaguely resembles rejected Final Fantasy 13 concept art? And what happened in order for him to want to breath tornados? And how?!... It would take a vaster intellect than mine in order to answer those questions.

Roundabout by Yes...

For the third time today actually, due to random chance of the shuffle function on the computer behind me...

And so it was, that I had never changed.

Listening to their new album because it showed up on Spotify, and I couldn't think of what I wanted to listen to.

I didn't like it.

Oh Comely, Neutral Milk Hotel.

I'm actually quite digging it. Though, I'm not sure if it's my favorite of their stuff. I haven't listened to a lot of their discography anyway, but I really like the song The Sound, and I quite dig You Fucking People Make Me Sick. And as far as this album goes, I can't name any specifics, except maybe Lunacy.

I think this is slightly better than the final version on the album.
