It turns out Garden never died, but went back to being friends with Owen. They trick the FBI into detaining the CIA so that this doesn't happen again.

The alchemist wizard gets freed from her ancient prison, and transmutes the FBI into tiny mice.

Z-Day and N-Day are not canon.

News: Fische leaves the WA, the Cannibalism Act and the Forced Blood Sport Eradication Act are no longer in effect for Fishelle.

Braxton uses his riches to start a hustle selling M4A1s to the Barks Nivvlla government. When asked where they come from, he makes up a lie based on the old "cinnamon bird" story.

Due to the fact that nobody knows what the "cinnamon bird" story is, he gets off by a stroke of pure luck. Until he gets caught by a crime lord, who demands the majority of his profits, or they'll kill him.
