A solid Country and Leadership

by **Ethereal Expanse** » Thu Nov 08, 2018 1:18 am

QUOTE

A very solid country with good leadership although I can't help feel their priorities maybe in the wrong areas. I have several thousand times less people and I do 1/3 their GDP and have an equal if not better standard of living. Although I do have a higher tax rate. When it comes time to build missile silos and unlimited speed highway I will look to their leadership for advice. Well done!

Sometimes I wonder whether I should actually go through the trouble to get a degree when nigh-complete automation will most likely make me redundant anyway.

I'm an autistic, college-aged, white Anglo atheist who's politically confused and enjoys traveling but is too poor to go overseas. Grr.

 PMT/Early FT - Decopunk. Zitragrad is a crowned republic in a planet
 somewhere else in the universe. The formerly wartorn nation keeps a facade of
 normalcy and order while enjoying the societal and cultural decadence that
 marks the new Roaring Twenties. The paranoid authoritarian government tries
 its best to uphold order in the face of uncertainty, while its people want nothing
 more than a breathing space. A deal that works, but maybe not in the long run. |
