Ah, this threads fairly new. Some of the older ones definitely had all of those.

Most of us that post here frequently don't listen to any of those, though.

I'm listening to the instrumental stuff ☐

I liked what I heard of some of the stuff on this instrumental album, so finally I'm going through it more.

There are 2 instrumental albums actually, I think. At least I hope they are fully instrumental.

[Celldweller-The Wings of Icarus Ft. James Dooley](#)
