Have I showed you this symphonic industrial/black
Chaosweaver song?

[Chaosweaver - Maelstrom of Black Light](#)

Gonna check that one right after this:

[Megadeth - A Tout Le Monde](#)

I rate Maelstrom of Black Light as a 4/5 I suppose. I like the concept of it, but it could be better. As such, symphonic industrial/black metal is not something I come across often, so I may possibly be overly generous in my rating.

I'd give it 4.5/5. Usually I don't like symphonic black, but this wasn't too symphonic/dimmuburgerish.

Listening over and over again all albums of Hollywood Undead.

Dear Arabs,
I think we are Semitic brothers so lets end the violence. I want you to live, peacefully and quietly in one of your 22 states, and please let me live peacefully and quietly in MY one and only Jewish state, the one that goes from the Mediterranean all way the Jordan river, that's all I ask, cant us Semites just co-exist and practice our religions separately?
