Monkey 4067 was in training to be a stunt-monkey. He missed the day when they learned to fall into an air-bag so he failed the final exam.

Monkey 4066 died of old age in his Florida winter home while taking a nap in his beach hammock after a long day of playing golf and cracking open a cold natty lite with the boys.

Monkey 4061, a surgeon who worked at the same hospital the ill-fated Monkey 4130 worked at, decided to secretly remove Monkey 4062's kidneys from his corpse while he lay dead in the operating room. He successfully extracted them, but was then approached by dark-suited government agents who dragged him into an empty hospital room for attempting to toy around with extracted organs. Not long afterwards, he was shot dead with a pistol and his body was left behind in that same hospital room.

Monkey 4060, who was not Monkey 4069 and therefore not nice, was the dirtbag who turned on Monkey 4061 and reported him to the authorities. Thus, he was mugged by Monkey 405 and Monkey 4058, then was sent to New Mexico for experimenting. Recent investigative reports suggest his DNA was stored beside that of DNA extracted from unidentified crashed objects.

Money 4059 was a witness to this mugging. He contacted the local authorities, who promptly arrested Monkey 4058, and he (4059) was put on witness protection. However, one of the cops, Monkey 4057, was actually a contact of Monkey 4058, who promptly beat Monkey 4059 to death in his cell.
