South Reinkalistan is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly.
In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move.
As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.

So why does that link lead to Henry. Please remove the Stickman, it ruins the flag

IC Name: **United States of America**

Wassup I'm the United States of America if America were still Republican since the Reagan administration. This is like the United States in real life except kind of alternate history; the United States keeps electing Republican candidates between 1989 to 2017 under the Trump administration. This represents my beliefs in televangelism, American-made guns, Republicanism, inability to read a Bible and be a true Christian, irrational xenophobia, vanity, insecurity, homosexual-in-denial etc.

OOB Beliefs: I don't have any, I just have a general hatred towards politics. Annoyingly optimistic nihilist awaiting the horrible future lying before us all.
