The people who took back the Mahomes mysteriously die days later. The autopsies abnormally show Plutonium-239 in the corpse's veins. Witnesses who saw the victims in their final days all going to the same café, where the same barista mixes something into the coffee's intended for the victims.

News: Days after the coronation of Queen Rose I, fifteen Senators have mysteriously vanished after returning to the Capital from a conference in Christine City. Among them is Phillip "Fighting Phil" Paddock, the Chairman of the Senate Intelligence Committee, who at 98 is the eldest member of the current Senate. President Hinterland issued a short statement of support, joined by Her Majesty the Queen, as the government has executed a number of orders to prioritize the search for the Senators.
