**QUOTE**

"It's a shame, you know? Takes a real talent to take the helm of any nation at such a young age - let alone one like Germany. For better or worse he's a tough little bastard - if only he wasn't completely misguided. Tell me that there isn't some comedy in a 'social libertarian' fighting against the rights of transgender individuals to identify how they please, locking up drug users, or invading defenceless island nations? That's what liberty looks like in the new Germany, yes? At least after he's got done selling the 'people's government' to the highest bidder? No, the libertarians like Mr. Hartmann... They're just right-wing demagogues too scared to admit it. They can say they're concerned with freedom and 'individual rights' all they want. If only they weren't as transparent as a window."
