Yes, I am not Indy.

Ryland?

Vance Ajik is recovering from fighting Zirol, NS Stats were caught in Monkey Genocide and were never seen until their life link was brutally annihilated by Kronos, and one more thing the mitochondria is drunk from being the cell's powerhouse.

it's kind of like a pokemon that just spontaneously says its own name, with the only difference being that you're saying the names of your other, better-known friends instead, and honestly it's a bit tiring to see the same trifecta sprout up from the fingers of every new player finding out how to type on the forums here
