Local anti-tax protester suddenly qualifies for 100% tax rate after 'accounting error'

You know, people like the protester need to be applauded. If you earn your money, the state should not take all or most of it away. Shame on your country!

Yeah, you don't have to look at the flag to sense the general theme. Only a few countries you *wouldn't* want to be in 1945.

SWAPO flag, NOT Kuban People's Republic

In my humble opinion, it's different enough for the KPR that it shouldn't cause any confusion. I mean, it's not pink/purple, and all the bars are equal
