Definitely the Marxist-Leninist Party.

THE UNION OF FEDERATED COMMONWEALTH STATES

An Imperial Federation-turned-supranational union stands as one of the superpowers of a deeply multipolar world. Myriad political systems bound beneath one loose Federation threaten to split apart at any moment.

But Britain, increasingly sidelined within its own brainchild, is starting to become irate at its growing irrelevance...

Probably the Green Alliance.

The **North Sea Realm**, colloquially known as **Northaria**, established in 1421 A.D. (current constitution: 2022).

A multiethnic Northern European nation with strong democratic traditions and an elective monarchy, now building socialism.

We use NS stats, with the exception of tax rates and the related stats. The Northarian population is roughly 88.5 million as of last census.

Member of the **Atlantic Defence Agreement** and the **Arctic Council**, current president of the **Western European Union**.

I reject anything and everything political that I posted on here prior to 2019.

She/her, please, I am not a guy.

Probably Green Ecologist Party, but really anyone in the Social Convergence or New Social Pact would be good.

I was very happy when Boric won, though he has since made some anti-Semitic statements so I'm not quite sure how I feel about him as a person. Still glad that the left won in Chile, and I'm glad that we're seeing a resurgence of the Pink Tide in Latin America
