Indeterminable, it's not the community's place to tell people they are or are not equipped to be a priest so it could not factually be determined.

Kidnapping someone and holding them against their will.

Depends on who does it to who. A citizen could do it to anyone who isn't a citizen or the spouse of a citizen, if it's someone else trying to do it they could get the death penalty.

Having your own, young children acting extremely unrouty and annoying everyone around them.

Almost always death by hanging regardless of instrument used.

Smacking sidewalk pedestrians (about 2 dozen) on the backsides with a soft foam bat while riding down the road in a vehicle as a passenger?

It's not exactly a crime. There would be an investigation to see why this happened and if it turns out that the intention was to harm workers and try to reject their labor rights, there would be adequate punishments for violations of these rights.

Forcing workers to join a union even if they don't want to?

We are not attuned to the ways of the internet, therefore it is impossible to cause cringe via emojis.
But judging from our former colony Deasta, cringe is fine as long as it is not harmful.
