^Ninja'd multiple times, my fault for posting from mobile, though..

Congress has passed a new bill increasing the nuclear stockpile to 80,000 warheads.

Clearly not enough, congress should increase it to 100,000!

Either way, this got a chuckle out of me, and made me even more terrified of Northern Seleucia.

Militarization of the Serbo-Croatian border continues! Russia to the EC: "We won't intervene if you won't."

Man, what a fascinating second headline. There is absolutely no reason as to why I am arbitrarily focusing on the second headline and not any before it.

Nah, just kidding. The real joke here isnt what I just said, it's the idea of Russia not intervening where it doesnt belong after recent events.
