Welcome to The Alpes a Septentrionali Imperium, a nation where I brutalize and adapt Latin and French History to my needs to get my Ultraroyalist Absolutist French Monarchy with a vaguely French-sounding fictional royal family to work.

They control southern Kenya and northern Tanzania

AN: their lowest point is exactly 0 meters above sea level, which would imply that they don't control any coastal waters

I'm just a simple man trying to make a country on the internet. And yes I do not use NS stats.

The Democratic Socialist Republic of Karevka (DSRK) is supposed to be a stand-in Soviet Union, although with major differences like the allowance of private

business (But the state is a partial owner) or the fact that they allow LGBT marriage. Kind of alternate history or alternate universe I guess.
