Unsure. Perhaps some republican form of government with a strong legislature?

In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. Led by a sly artist-premier and his technocratic posse, surrounded by a salacious secretive Civil Servants' society, factionalist scheming, and (literal) backstabbing.

Monarchy. No idea if it's constitutional or not but I'm suspecting not.
