VlaRiSsiA is a schizo totalitarian shrekist regime created after the Great Ogrethrow in 2094. Has a massive WIP multi-nation lore. We don't use most stats(our personal and political freedoms are negative 100 in canon)

My nation - which is pretty much just a unified Korea with some extra territory - represents my real views, as does pretty much anything I say on the forums. NS stats only broadly representative. Feel free to call me Q&K, Quartia, or any other nickname.
