I made a playlist for them, but don't know if I really like them as whole yet or not. They do great on the Mirror's Edge soundtrack, though.

Cell - Hanging Masses

My nation **DOES NOT** reflect my political views. The interplanetary-level Federation government is libertarian only for realism purposes, and functions more like a confederation. Since it has such a large territory to manage, the federal bureaucracy can only provide the bare essentials efficiently, while most other decisions are devolved down to the planetary governments.
