And even in a timeline America and the Japanese have switched places, you're still kicking their Shinto asses back out of the pacific. The American spirit may have moved places, but it none-the-less survives in you and your people Emperor Roosevelt! I shall salute you as I would any other president before or since me, regardless of their political views, which I find agreeable none-the-less. Tell Tojo I said hi for me, will you?

There were soldiers out there who were shot and killed and you got the highest orders in Germany because you were on a boat for a few years? Audie Murphy would be rolling in his grave right now. Not to mention, you slept with multiple men at the same time might I add. Where's your decency? What happened to the sanctity of significant others? @Federal Common Wealth of Germany

"I do not like anarchy. It brings with it inherent flaws that can be exploited by the powerful. But I admire this man's ability to keep chaos at bay for the most part. His stance towards individual freedom holds the well-deserved title of benchmark."

-Chancellor Erik Vyndor, Catholic Federation of Ithallis

@ AN

"Hmmm, lets see here. Yes, I remember. His policy is lacking in regards to civil rights, but they can be worse. It would seem that at the moment he has bigger fish to fry. I'm not going to judge a man who is in the midst of crisis. I know too well that in the bleakest situations, the most desperate times call for desperate measures. I will remain neutral."

Ithallians are the definition of unconquerable. They are bound by a brotherhood that can only be forged in a war, for Ithallians, all of them, know the cost of freedom. As long as you respect them and are faithful in your dealings with them, Ithallians will treat you like a member of that family. If not...they don't tend to leave survivors...

I'd very much suggest that he try and find somebody to share the burden of control though, even if it's to have somebody to handle certain day-to-day activities. OFFICE OF THE PREMIER

Regarding Alexandra the First:

Madame Alexandra's heart is pure, and her will good in nature. However, she has yet to prove herself in the top ranks of governance. Her accomplishments as Monarch of the United Kingdom are little in nature, albeit her reign young. While I haven't a doubt the good she will bring to the world, I question her capabilities to provide a necessary "bad" when difficult decisions must be made, as with all leaders.

"This dude is too constrained by religion, all fasting and praying and such if ya ask me. He should find some time to relax and unwind, can confess later. Still, despite that, he knows how to throw a party. Of course it's all aristocratic and such, but still interesting experience. Either way, my opinion on him is neutral so far. He has yet to mess with us or scratch our backs."-Shawn Bjornson

"I don't know, how would he react to a sapient machine, after all, many religious people react differently. Some think, that I am a soulless construct and an affront to nature, and other believe, that no matter the shell, everybody has a soul. So, does this unit have a soul?"-John Walker AI
