Tired of having to say this: The Kingdom of Voidstania is not a kingdom. It is a communist dictatorship with a weak democratic senate under the guise of a monarchy. Normal country stuff.

Also, NS stats and policies are not canon (Because I have a tendency to click the wrong options and give myself dumb policies)

In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. Led by a sly artist-premier and his technocratic posse, surrounded by a salacious secretive Civil Servants' society, factionalist scheming, and (literal) backstabbing.
