Monkey 2287 dug straight down

Last edited by **The Military State of the Galapagos** on Thu Mar 18, 2021 7:04 am, edited 1 time in total.

The island of the Galapagos and the main power of South America controlling the West of South America. Militaristic and authoritarian with a troubled past and an uncertain future with stability at an all time low due to a lost war and unpopular occupiers.

Monkey 2278 went back in time to try to prevent the genocide. Unfortunately, he entered too many zeroes in the target date.
