Nope,

Rylland

nuclear War has consumed the Once holy Lands of Russk, The Government reduced to ashes with trace amounts of our church hidden in forts and underground bunkers deep in the tundra, while on the Surface warlords and militias struggle for survival, Food and comfort are a luxury enjoyed by next to none. While in the bunkers that our generals and clergy retreated to when the bombs fell, nothing but schism and starvation await. Will our Holy Regime live on in this Post-Nuclear nightmare?

Vance Ajik is recovering from fighting Zirol, NS Stats were caught in Monkey Genocide and were never seen until their life link was brutally annihilated by Kronos, and one more thing the mitochondria is drunk from being the cell's powerhouse.

I mean, ahem, Mega Mix tends to trip up even other rhythmheads. 'Tis a common sentiment.

Hm. A libertarian American nation founded in the past month?

Quel est la réalité? Mon souffle, tellement mécanique!

A grey rain falls on Revachol. The city soaks in it, cold and dripping. Waves hit the concrete breakers. The homeless huddle by the fires behind the fences. There, among the shacks, is your home. Stay. Have a drink. This is somewhere to be. This is all you have, but it's still something. Streets and sodium lights. The sky, the world. You're still alive.
