All her life she's served her goddess, defended her nation by her own hand, brought wealth and education to her people, and as a bonus, she's competent with magic. I didn't expect a decent savage from all those nonsensical titles, so you are quite a pleasant surprise. On another note, the fact you seem to collect more-and-more concubines every time you do anything is pretty funny."

I've always found the word crazy to be dated and inappropriate, but no reasonable person, in a stressful position of leadership or not, would act the way Jean-Andou has. Removing your own clothes on an asinine whim is not just some personality quirk, it's a telltale sign of greater psychological pain, a pain which I believe Jean-Andou is either too fearful, or too stubborn, to examine critically and in an objective manner. Now look, I'm not a therapist, but I can tell when something isn't quite right, and in the case of Jean-Andou, there's definitely something out of the ordinary. If it were any other person, I'd have some choice words to say about his political doctrine, particularly his depressing outlook on democracy, but considering the

RESPONSE FROM THE INSTITUTE

"I Carl Kirkman, are you swell meaning businessman or is it just a facade? Pardon my distrust, but in corporate culture there are just too many people who disguise their lust for power and money with kind words and false concern for the well being of the people.

Hmm I see you support your employees. That's good. But are they truly cared for? Are they involved in the decision process? It would only be fair, since they are the lifeblood of your firm. The capital, the connections, the infrastructure, would mean zero without them giving their sweat so you could profit.

"It's pretty common for such antient style empires to have some sort of God-King, or something like this, in case of Arxao, this is the emperess, belived to be the reincarnation of the same person, which rules becasue it was the will of their goddess, Axanatereneo. In many cultures, it's a comon notion for these beings being born from the womb of a virgin, which signifies the divine deeds. I read about the principlas she uphold, and concluded, that we agree with half of them, and diseagree with the other half. They say to treat slaves kindly, we belive, that all slaves must be liberated. They belive, that scars are an undesirable thing, we belive, that each scar bears it's story and proves something. And reading about this emperess feels like reading Bible. She deep fries brains of her rapists with some sort of power, then she turns locusts into stone and makes the walls from them... But, since our multiverse has even stranger things occuring... I'll belive these claims. I am gonna say more, when asked again."-Shawn Bjornson

"Hmm, what a nice surprise! There really isn't a lot of extensive information out there in regards to Prime Minister Sablin, but I'm already very impressed. I know it seems cliché, but honestly, I see a lot of my younger self in Valery. He takes such pride in the United Confederation, it's mission, and his role which is not at all inconsequential. His support is widespread and palpable, and I can see why. People like to be pessimistic, but it's always been my philosophy that if you're truly a good person with solid motives, you'll always have widespread support in some way, and Valery is a textbook example."

"Truth be told, I know civilians in my own ranks who are more dangerous and power-obsessed than this man. I also see that Valery is a fan of literature and clothing, neat! I'd be interested in learning what kind of books he's partial to, although if I were to make any guesses, it's probably Dickens. (Laughs) In any case, his military decorations are very impressive, and I don't think I've ever met someone in government I've wanted to succeed more than I do with Prime Minister Sablin. I hope his legislative future works in his favour, for everyone's sake."

"Ugh, again with people questioning me having more than one spouse..Why can't they get that i love the both of them and not just one? Tch..the nerve of those idiots.

Anyways, i finally get to make my opinion about you. A faceless enigma and a paranoia induced person that would make Stalin look like a sane person with perfect mental function...You've left your homelands to form a Paramilitary Organization bent on finding and rooting out this so called 'Yuri' and 'Epsilon' to exterminate them to the very last...admirable in some sense... And then there are people claiming you to be a Proto-Maoist?

that certainly makes my trigger finger itchy for some commie hunting. I've already had to deal with a very Hostile China back in my home planet...I have mixed feelings about you overall and it certainly would not change for the better..

Don't ever even consider calling me an Unfaithful Bastard, because i love both my Spouses dearest to my heart..*you miserable chinese sow..*"

Not the fault of the Valentians, mind you. They did tell me about a certain cast of characters that are not that... nice, but I didn't think it will take this short amount of time to meet you. Anyway, I am sorry, where was I? Oh yes! I am Annabelle, though I don't think you need to know that for long. I... I see that you are trying your best to improve, so that I am at least grateful for. What I am not very happy about- aha, racism and slurs. "Chinese sow", that's a new one. Your sociopathic tendencies are taking over, and I really suggest that you try your best to rectify this as soon as possible. I know mental and emotional health can be difficult to find a cure for - if it is even possible to completely alleviate it at times, but a professional therapist will go a long way!

"Sweet Jehoshaphat, 16 feet tall? That's incredible. I'm sure it must come in handy occasionally, but I could also see it being a bit of a headache sometimes. I don't even want to imagine what a game of hide and seek looks like. I mean, you'd have to find a tall dumpster, or maybe a cleverly placed bus shelter of some sort? Anyways, what an interesting childhood! I can't imagine what it's like to be born with such extraordinary abilities, but boy did it come in hand when it came to that impromptu electrical malfunction, eh? I might be a little late to the station, but if you ever need assistance finding a new stove at the hottest prices, that...you know, doesn't spontaneously ignite, I'm sure I could lend a hand."

"She was a brave kid, no doubt about that, but look at her now! Just goes to show that sometimes our weaknesses are our greatest strengths. It doesn't matter what your limitations are, good people eventually make it in this world, and Annabelle can attest to that fact. Her abilities in skilled combat are nothing really to sneeze at either, I just hope that she's using them in a responsible manner and in situations that legitimately require such drastic means. All in all, a very interesting person with an inspiring story, and I wish them the best."

Gotta be honest, quite the representative of social mobility you got here. Really pulled himself by the bootstraps, eh? From what I see, though, seems that was quite inevitable. People like him are bound to end up in some leadership position. If not a store manager, he'd probably be a successful lawyer, or

perhaps a TV host even, if he worked a bit on his approachability. Quite surprised how spirited he is, given where he works. Gotta wonder if he was always so optimistic about things, especially as a regular worker at a store chain, or if that attitude - or, maybe its return - has something to do with the lofty job he's landed himself. Then again, if I landed a managerial job so quickly, perhaps I would share his faith in the system

As for the trade unions... well, can't be too surprised I suppose. Pretty much the standard these days, innit. And by "these days", I mean since whenever the first firm popped up and socialised labour. Praise be job-creators! Goddamn parasites...
